

Third-party software/ plug-ins

If you have chosen to install third-party software or plug-ins such as for WordPress, **Osmond Technologies LLC**. will not support it unless contracted to do so. Since WordPress comes pre-loaded according to your Service Level Agreement, Osmond Technologies will manage your security and updates of the core install for fee of \$10 per month if you choose. We are not responsible for third-party plug-ins, nor can we guarantee that these plug-ins are safe or reliable without testing which would increase overhead, thus the cost of service to you, the customer. A theme or plug-in that is not offered by **Osmond Technologies LLC**. is your responsibility
